

STRIKE OUT CLOCKS AND PRINT EACH FLYER'S ARRIVAL SHEETS

MAKE SURE YOU HAVE THE UNIKON SYSTEM CONNECTED TO YOUR PC

OPEN WINBIRD

CLICK ON Calculate races

CHOOSE the RACES you are going to DOWNLOAD

FILL in RELEASE DETAIL for all races flown on week-end

FILL in CLOCK DETAIL for all races flown on week-end

1. Click on Import Electronic Clocks
2. Click on Download Clocks to PC
3. Click Unikon version you are going to use (WINDOWS or DOS)
4. Unikon page will OPEN.
5. Click on the Race Information-Save race data ("uni" style)
6. This gets the information of the member's module into the PC. A message will show that the data is being transferred to PC. When this is finished a message will show that the data has been saved to the (C:\uni ) folder
7. Close the Unikon page
8. On the left of the screen click on the RACE NUMBER of the first race which will be found on the top left corner of the Race Entry Sheet and the Race Arrival Sheet. RACE: No. 01, 02 or 03 or whatever number is being shown.
9. Click on the first race NAME
10. Click on the member's NAME
11. Type in number of birds shipped by this flyer
12. Right after that before anything else:
13. Click on the number of the second race
14. Click on the second race NAME
15. Click on the member's NAME
16. Type in the number of birds shipped by this flyer
17. Click on Interpret Race Data. This will put the flyer's race information onto the Right side of the screen.
18. DELETE the RACE NUMBER, the RACE NAME and the FLYER'S NAME from the bottom left side of this screen before downloading the next flyer's clock.
19. Close this window.
20. Place the next flyer's module into the Unikon system and repeat items 2 to 17. Do this for each of your club member's clocks.
21. Click on Import Data Result from HARD DRIVE
22. This will bring you back to the race in Winbird and the information will be there.
23. In Race Calculate Screen when more than one race per clock has been downloaded you will need to click on one of the races in the GREEN drop box on the RIGHT of the screen to allow the race results to show in Race Result Window.
24. At the left you can click to get the clock variation and change if necessary.

MAKE SURE YOU USE THE CORRECT RACE NUMBERS AS THE RACE NUMBERS MIGHT NOT BE THE SAME FOR ALL FLYER'S CLOCKS.

BEFORE CLICKING ON INTERPRET RACE DATA MAKE SURE YOU HAVE CLEARED THE GRID ON THE RIGHT SIDE OF LAST WEEKS RACES
